

WELCOME TO LIFEGROUPS

Dear Friends,

God designed us to live life in the context of communities. Real growth occurs when the knowledge we attain is put into action. What better opportunity to experience life and be yourself than among church family members?

We are excited about the potential that has yet to be unleashed as we continue to grow and do life together. In this session there are several new groups, as well as established groups that have been around since the inception. We believe you will find a LifeGroup that will interest you. However, if you don't find a group that suits your interests, we encourage you to lead one. In order to become a LifeGroup leader, you must participate in the Leader Development training. The training is held at various times throughout the year.

Take the first step today in the journey of a lifetime.

Let's continue to do life together,

Pastor Juan Rodriguez
